GOV. HARMON'S REPLY TO ATTY. GENERAL DENMAN ON THE TAXATION CRISIS

COLUMBUS, O. March 14.—Governor Harmon promptly replied to Attorney General Denman's charge that the present taxation crisis was the result of the governor's negligence to show that the attorney general is only a "pious fraud" in his intention not to put his hands on the governor's pockets in the taxation crisis.

The governor's reply was a long and carefully worded message, and it was received with great interest by the public. It was a reply to the attorney general's charge that the governor was negligent in his handling of the taxation crisis.

Following is the governor's reply to the attorney general in full:

"I have read with interest your communication of yesterday. The subject is of great and immediate importance and I am glad to find you seconding my efforts for improvement of the revenue and economy in its expenditure."

"I did not know until I read your letter that any company had charged the validity of the tax. The law by refusing to pay the tax imposed thereby, though I was aware of a lurking belief that this would happen sooner or later, especially if cases involving somewhat similar laws in other states should offer encouragement."

"This was one of the reasons why, at the last session, I recommended to the general assembly the improvement of our tax system and its administration, once only eight days after my inauguration and again March 11, 1909, when the session was on the eve of adjournment without action on the bills in that behalf which were pending."

"I shall be glad to render any aid I can to secure the desired objects at the present session. What we need are laws for the levy of taxes with a just and impartial hand and a thoroughly efficient agency to apply them. Counting that part of the Cole law tax whose collectibility is subject to question because it is measured by returns from interstate commerce, it is common knowledge that, for our reason or another, corporate property in Ohio is more lightly taxed than real estate in proportion to its true value measured by recognized standards."

"Nobody wishes that class of property to pay more than its just share of taxes or is willing that it shall continue to pay less. The power of the state is full and clear and the capacity of her representatives to employ that power effectively cannot be questioned. Nor can I believe there is a lack of purpose on the part of any of them to perform the duty which rests on them with authority imposed."

"So nothing is lacking but official co-operation to put our taxation beyond attack or just complaint."

"My judgment is open to all suggestions and, like you, I submit one. Extend the Nichols law rule of valuation to all corporations of the general class to which it now applies. Put a taxing board in charge of the entire subject of tax administration. Limit the amount of taxes which may be levied without a vote of the people, as proposed by the pending bill."

"The property of the corporations, subject to the Cole law, will then be appraised at their true value as concerns, resolved in part by considering their earnings. Such appraisement will necessarily include the value of their franchise."

"The taxes assessed on such valuation fairly made cannot be successfully assailed. They will certainly equal and, no doubt, exceed the sum of the present property tax and the tax levied against excessive taxation by the general limit fixed, as all others are, and can be corrected against undue taxation by permitting a credit on their personal taxes on amounts paid under the Cole law, for the taxes assessed on such valuation."

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmor's Swamp-Root, the great kidney and bladder remedy. Because of its remarkable health restoring properties, Swamp-Root builds almost every weak and over-taxed system, coming from any cause, back to its normal state. It cures every kind of urinary passage. It corrects and relieves all the bad effects following use of opium, wine or beer, and overcomes that unpleasant necessity of being compelled to go out through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but it is a sure remedy for or bladder trouble. It will be found by the remedy you need. It has been thoroughly tested in private practice and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and will be found by the remedy you need.

EXTREMELY SILLY
After reading the letter President Taft wrote to Hy Davis when it was printed in the newspapers Wade Ellis said in an interview at Cincinnati, "I would resign if I thought the president had repudiated me."
Then Ellis hustled back to Washington to find out about it.
At Washington, after he and the president had a good hearty laugh over the effect of the Davis letter, Ellis let it be known that it was silly that any one should suggest that he contemplated resigning the chairmanship.
Very silly indeed, since Ellis suggested it himself. But it isn't likely that Ellis will resign before the state convention and the convention may take a silly notion to give him a push and put another chairman in charge of the dilapidated assets and doubtful liabilities of the Ohio ring of G. O. P. bosses.

WORDS VS. ACTION
"To talk big and do nothing is bad in any case," says Governor Harmon of Ohio, "but especially so in a matter of public morals."
One notable reason why Governor Harmon fills a large space in the public eye is to be found in the fact that he talks little and does much. Many reforms have been talked to death. The appearance here of a man of men of deeds and not words is one of the most promising signs of a new era.—The New York World.

HEAD, NEELS AND ADIPOSE TISSUE
Recent newspaper reports tell how President Taft has lost ten pounds in weight.
Peptiron Pills strengthen the stomach, aid digestion and promote the growth of the body. They are easily assimilated and the best medicine for children and the weak. They are especially adapted to the treatment of the nervous life of the body. They are made by the famous Dr. J. C. Ayer & Co., Lowell, Mass. If made by blood it's good.

The meeting will be held to determine time and place of this year's congressional convention, as well as the methods for selecting delegates.

LABOR NOTES
The regular meeting of the Newark Trades and Labor Council will be held tomorrow morning at 10 o'clock, and there will be a very important address to be made by you. You will be sorry it took the first March session.
The ladies' Committee of Labor for the United States, Dr. Neill, has been under investigation this week. Charges of ext. at cases, including, etc., are being made by Mr. T. J. Davis. It is not expected that the charges will be upheld. The ladies' Committee of Labor, a feeling of this kind will not be a surprise. When one of these ladies' Committee members goes on their knees and says, "I am a hard worker," it is a very hard proposition to separate them from it. For whatever the feeling of the ladies' Committee, there are many persons among the workers of the country who believe that Dr. Neill could better serve his country by resigning his commission. It is alleged, and in some instances by his subordinates, that he is not fit for the position. His lack of knowledge of the labor movement is evident, if not a small part of the rumors about him are true, concerning the administration of his office. Why not resign, Dr. Neill?

Why Buy BOTTLED MINERAL WATERS?
A More Economical Way is Found in POTOSOTE—The Condensed Mineral Water.
POTOSOTE is the condensed substance of the world's most celebrated mineral waters. Dissolve a teaspoonful in a glass of water and drink it just as you would at the springs. It is palatable, always fresh, convenient, economical, and the one best way of really bringing into your own home the benefits of the world's most famous medicinal waters. Each package contains enough to make a gallon of Potosote Mineral Water.
You once learn to know POTOSOTE you will never again buy bottled water. Its purity, convenience and cost are all in POTOSOTE'S favor. At All Drug Stores—No Package. The Potosote Co., Canton, Ohio.

THIS AND THAT
We have always said harsh things about March and now wish to apologize.
Dr. Cook has proved to be almost as good at hiding as he was at talking.
Two are company when three not only constitute a crowd but sometimes cause a divorce.
This almost springlike weather is stirring the enthusiasm of the men who are behind the Licking County Club movement. Over ten thousand dollars have been subscribed for the project so far.
The night letter system installed a few days ago by the telegraph companies is a good thing. It saves postage, but that isn't its only redeeming feature. Fifty words may be wired as a "night letter" at the price of a ten-word day message.

The Rev. J. A. Bennett, long recognized as one of Newark's ablest pulpit speakers, has now thoroughly established his reputation as a post-prandial lecturer. Mr. Bennett's talks at the last two Business Men's club banquets are responsible for this opinion.
"How to be Happy" is the theme Lee F. Lybarger will discuss at the high school next Tuesday night. The "answer" ought to interest everybody. Mr. Lybarger will give it. Hear him.
According to the calendar, Spring will officially arrive next Monday, but this morning's snow storm indicates that Real Spring may be delayed.

What is worse than owing money you can't pay? Our answer is: Being owed money you can't collect.
The business men who attended Friday's social session at the Seiler are still talking about the music furnished by the high school orchestra. The boys deserve the praise.

H. B. WHITE
Former Newark Resident Who Died in Akron. Brought to This City For Burial.

The body of Mr. H. B. White, who died at his home in Akron, was interred in Cedar Hill cemetery Monday morning at 11 o'clock.
The deceased was a former resident of Newark, having come here about 1902. He was for a number of years traveling purchasing agent for the Newark Machine Company, but of late years has made his home in Akron.
While a resident of this city he was prominent in Masonic circles and was also a member of Lemert Post, G. A. R. No. 100, at the time of his death, was a full degree Mason and a member of the local lodge in Columbus, Ohio, the Commercial Consistory, St. Andrew's, Commandery, K. T. of St. Louis, and at the time was a member of Regent Council, of Newark. He was also a member of Buckley Post, G. A. R. of Akron.
Besides a widow who survives in Akron there are four children, H. B. White and Frank White of Battle Creek, Mich.; Charles White of Cleveland, and Miss Clara (White) Council of Black Lake, Franklin county.
For several years the deceased has been in poor health, and was afflicted with diabetes. About eight weeks ago he became seriously ill, and although it was apparent that he was in the last stages of his illness, he was not taken to the hospital until he was in the last stages of his illness. Mr. White was 55 years old, and his death was a magnificent triumph over adversity.

FOOD FOR A YEAR
Meat..... 300 lbs.
Milk..... 240 qts.
Butter..... 100 lbs.
Eggs..... 27 doz.
Vegetables..... 500 lbs.
This represents a fair ration for a man for a year.
But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of **Scott's Emulsion** equals in nourishing properties ten pounds of meat. Your Physician can tell you how it does it.

TRADE CLASH WITH JAPAN.
Manchurian Situation Affects the Open Door.
CONSULS IN ORIENT COMPLAIN
The South American Situation—Criticisms of Secretary Knox—Some Fields in Which He is Succeeding. Outlook Bright For Arbitral Peace Court.

Washington, March 14. The utterance of Jacob H. Schiff regarding a possible commercial crash in the far east has rendered still more acute the Japanese question. The proposal of Secretary Knox looking to the neutralization of the Manchurian railways was intended only as a further step in line with the Hay note demanding the integrity of China and the open door. Japan opposed the Knox plan of neutralizing the railways. Russia followed suit, but explained that she did so because Japan might object. This was but a confirmation of the belief already in existence that Japan and Russia have a working agreement as to Manchuria. In rejecting the Knox proposal Japan professed to be committed to the open door policy, but that representation only showed either that her viewpoint is widely different from ours or that she is following the devious diplomacy common in the Orient. The complaint of American merchants trading in the far east and of American consuls stationed there indicates that as a matter of fact the open door policy is not observed as to Manchuria and that Japan is chiefly to blame. So far the conflict is only commercial, but most conflicts of today are commercial. Official Washington is doing very little talking about the far eastern situation, but there is every reason to believe that under the surface there is intense activity. While there is little sense and less policy in the rabid Japanese war talk indulged in in some quarters, there is still every reason that Americans should be on the alert if they do not wish to lose the fruits won by John Hay in the far east.

Latin American Sensitiveness.
Another diplomatic situation only less acute than that of the Orient concerns the Latin American republics. This, too, is commercial, but is none the less vital because of that fact. The two fields in which American trade has the largest opportunities are Central and South America and the Orient. Through the mastery of diplomacy of Blaine, Hay and Root the American situation in both fields was immeasurably improved. Now there is general talk that we are losing ground both in South America and the far east. It is hard to tell just where all this talk comes from or what is the occasion for it, but it is nevertheless in existence. Coupled with it is the not infrequent charge that Mr. Knox has blundered both in Latin America and the Orient. So far as the public knows the only important steps taken by the secretary of state in these two fields were the dismissal of Minister Desguere Crane and the Manchurian and Nicaraguan notes. It was not so much what was done in any of these instances as the manner of doing it that is criticized. If any ground has been lost in Central and South America it is hoped to win it back by the American representation at the pan-American conference at Buenos Aires and the Chilean centennial celebration, both of which are held this summer and fall. It is even possible that Secretary Knox will attend both and will extend his visit to other South American capitals after the manner of former Secretary Root. As to the far eastern situation, it is not so simple, and no man can yet see the end of it.

The Peace Court.
In one other field, however, Secretary Knox is making notable progress. His plan for an arbitral peace court has now been favorably received by a sufficient number of nations to indicate its success. Should this proposal go through it will constitute a notable diplomatic achievement for this country and will increase the good will of other nations to each other and to us. In this aspect it will be an event only less happy than the bringing of peace between Japan and Russia, and in its ultimate results it may surpass even that achievement. Coupled with the fact that the threatened tariff complications with other countries are being straightened out and that there is now hope of avoiding an open tariff war in any quarter, this would make it appear that American diplomacy is not in such a bad way, after all.
Is Income Tax Doomed?
The rejection of the income tax amendment in Georgia and Virginia, coupled with the blow given the measure by Governor Hughes of New York, would indicate that it is about done for. When the amendment was submitted it was naturally supposed that all the Democratic states would favor it. Yet Georgia and Virginia are two of the most important Democratic states. Their defection would indicate that others may follow suit. As the amendment must pass the legislatures of three-fourths of the states and as there is hostility to it in New England and the east generally, the outlook is most unfavorable.

FATHER 80-MOTHER 76
The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by
Vinol
The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."
We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

MUCH GOOD IS ACCOMPLISHED BY JUVENILE COURT

The following is a sample of the good work that is being done by the juvenile courts of Ohio and the Boys' Industrial School near Lancaster. Some three years or more Judge Brister received information from Mr. Eli Hull and Mr. Schlaugenhaupt of this city that a young boy, Elmer White, aged 14 years, was going to the bad; that his parents paid no attention to him and while this was in December he had not been at home since the preceding May. The boy was brought into court. An examination was had and it was found that he had been totally neglected by his father and the woman living with him, who it was discovered was not his own mother, but a woman that his father had eloped with, deserting his true wife in Buffalo, N. Y. The boy was unusually bright and attractive and had committed no crime, but was homeless and friendless, and the Judge decided he was on the road to ruin. He sent the boy to the Boys' Industrial School, where he would be disciplined and educated and taught some useful trade. The boy was sent there and studied telegraphy and also went to school for two and a half years. He was then graduated a full-fledged telegrapher and went back to his old home in Buffalo, N. Y. He is at present working in a telegraph office there and writes the following letter to Judge Brister which is accompanied by a letter from his mother, which, as was said at the outset, shows the kind of work that is being done by the juvenile court and reformatories of the country.

Buffalo, N. Y., March 9, 1910.

Judge E. M. P. Brister, Newark, O.

My Dear Friend:—I received your letter and was glad to hear from you. I am very sorry that I have not written sooner but as I work from

12:30 a. m. until 8 a. m. and then come home and help mother and run errands and get my sleep it keeps me pretty busy. Please remember me to all friends. I am still working as check boy in the Western Union and expect to get on as operator in a short time. I have much to thank the Probate court and the Boys' Industrial School for, as it has been a great help to me in many ways. I cannot speak too highly of the school and the way they teach the boys. I could never see why the boys hated to go to the B. I. S. as it is a fine place as long as you do what is fair and square. As some of the officers used to say, "We want to give the boys a square deal and help them in every way possible." I was glad that I made up my mind to behave myself before I went, as I got along much better than the boys who thought they would be stubborn and do as they pleased. I soon saw that the "best way was the right way." If ever you see Mrs. Swan tell her that I send my best regards and tell her that I am getting along fine. ELMER WHITE.
74 Pennsylvania avenue, Buffalo, N. Y., March 9, 1910.

Judge Brister, Newark, O.
I feel as though I wanted to express my gratefulness to the Probate court and the kind friends in Ohio for once more having my boy with me, and I can also say that I am not ashamed to say that he got some of his training in the Industrial School of Ohio. I feel that it was through the influence of God's spirit and in answer to a mother's prayer that the kind friends in Ohio were led to bring my boy. I can never express my gratitude to them. As to the school it cannot be spoken too highly of. It surely is doing a good work and after visiting the school and seeing how it was conducted, the cleanliness of it and how happy the children were, I have often thought and said if I were to do before my boy younger than Elmer, before he should get grown up, I would rather he would go to the B. I. S. of Ohio than with any of my friends. I remain respectfully

men and no doubt will draw well. White & Sanford are to present a funny 20-minute comedy melange, introducing singing and dancing, interspersed with character novelties. Will Esch, "the jolly musician," is also on the program and he will hand out a bunch of tricks that is bound to please all. Will Christy, that very clever singing and dancing comedian, will be there with his funny line of talk that will surely bring a laugh. If you have a case of the blues attend the performance at the Orpheum any day during the week and you will surely get relief. The Orpheum scene will present all that is new in the way of animated pictures.

FLORA COMPANY UNDER DIRECTION OF LYCEUM BUREAU

The Flora Opera company left the city this morning to fill engagements in several of the southern cities of the state. This company, of which Prof. Walter Flora, of this city, is leader, is under the direction of the Lyceum company, of Columbus, and is meeting with great success wherever it appears. They have three or four engagements a week to fill for a number of weeks to come, and during the summer months will spend the greater part of the time singing at banquets. The members of the company are Prof. Walter Flora, tenor; Miss Lottie Simpson, soprano; Miss Ethel Hart, of Fremont, alto; Orer Crowe, bass; Miss Sadie Lucas, of Fremont, accompanist.

The Dr. Boyd Tonic An Invigorant—Not a Stimulant

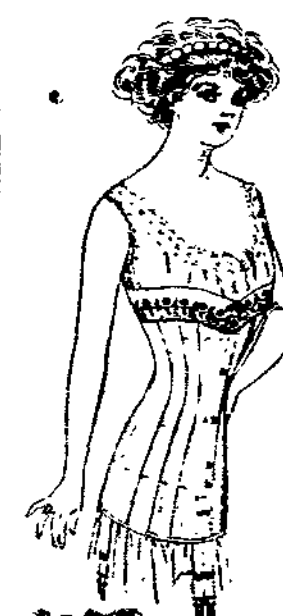

This wonderful life-giving remedy is a builder of flesh and muscle—a maker of rich, red blood. It does not stimulate falsely, instead gives perfect rest to the tired overstrained nerves.

It builds up every part of your body, strengthens and nourishes the entire system, restores the glow of health, creates a vital bounding energy. And it is immediately effective.

A prominent professional man writes: "I could not have written you this letter three weeks ago for I was almost a wreck mentally and could hardly think coherently. I could not sleep until morning. What little sleep I did get toward morning did me no good. I had shooting pains through the back of my head and fluttering of the heart with smothering sensations. No physician seemed to help me at all, but I took only one box of your splendid tonic to put me on my feet again. I am indeed grateful." Go to your druggist today. Ask for the Dr. Boyd Tonic. He has it or can get it for you. A full three weeks' treatment costs \$1. There is no substitute for the Dr. Boyd Tonic. There is nothing else like it. Just try it.

BANQUET OF MU CHAPTER SIGMA CHI

Annual Event Occurs at Chapter House Saturday Evening—News of Granville and Vicinity.

Granville, March 14.—One of the most thoroughly enjoyable and elaborate social affairs that has been held in college circles during the winter was the annual banquet given by the members of Mu Chapter of Sigma Chi at their handsome chapter house on 1281 Broadway Saturday night. Arrangements had been making for the affair for some time, and those at the head of it were not disappointed at the outcome. The alumni was largely represented, as well as the active members and included Judge Ferris of Cincinnati, Charles Mayers of Columbus, president of the First National bank of that city; Frank Hall of Newark, Lee Durstine, president of the North American Life Insurance company of New York, C. C. Hills of Columbus, L. A. Burrell of Cincinnati, Lee Moore of Newark, Horace Huffman of Dayton, Robert Luce of Sharon, Pa., Robert Little of Norwalk, Queen Stevens of Hubbard, Howard Ferris of Cincinnati, and O. E. Brumback of Toledo. The rooms were handsomely decorated for the occasion and presented a very beautiful appearance. At the banquet the tables presented a beautiful appearance, and the menu which had been prepared by Mrs. Jackson, the cook for the Sigs, was most elaborate. At the conclusion of the feast a season of song was given, Judge Ferris of Cincinnati, acting as toastmaster. The address of welcome was delivered by Fred D. Holden, which was responded to by Horace Huffman. The following toasts were responded to: "The Sig as a Citizen," L. A. Burrell; "On the Third Province," C. C. Hills; "Auld Lang Syne," Lee Durstine; Judge Brumback delivered an informal talk on the fraternity in general. The affair was one of the most enjoyable ever had by the Sigs.

An informal dinner in honor of an alumni is being planned by the alumni and former students of Denison university now residing in Columbus. The dinner is to be given at the Ohio club Tuesday evening and the prospects of a pleasant reunion are good. The committee in charge—Mr. W. Harvey Jones, Dr. F. G. Williams, Mr. Benjamin Woodbury, Mr. D. E. Williams and Mr. O. C. Hooper—have found that there are about seventy-five alumni and former students in Columbus, and acceptances had on Saturday been received from fifty of them.

Dr. Elmer W. Hunt, president, and Professor W. H. Johnson of the Latin department and secretary of the general alumni association will go over from the university and make short speeches. A quarter from the Denison Glee club will furnish music. Hon. T. L. Keating will be toastmaster and Hon. H. J. Booth will be chairman of the reception committee. Governor Harrison will speak and there will be remarks by several of the alumni and former students.

It is planned also at this gathering to organize a Denison alumni and ex-students' association, as has already been done in Chicago and other places.

Arbor Day will be observed in Granville on Friday, April 8, on a more extensive scale than it has been for years. The Women's Civic Improvement committee together with the mayor, village council, the superintendent and teachers of the public schools, with the citizens generally and the school children will engage in the planting of trees throughout the village wherever it may be necessary.

The coming dual indoor track meet between the two lower classes of Denison is arousing a great deal of spirit. On the 26th of this month the Freshmen will meet the Sophomores in Swazey gymnasium in fourteen track and field events, all of which promise to be keenly contested. The Freshman and Sophomore athletes are having hard daily workouts in preparation for the events. Already very promising new material has been discovered which can doubtless be welded into future varsity track teams. The order of the events as they will appear on the night of the meet is as follows: 20-yard dash, preliminary heats; 50-yard dash, preliminary heats; 100-yard dash, preliminary heats; 200-yard dash, preliminary heats; 400-yard dash, preliminary heats; 800-yard dash, preliminary heats; 1600-yard dash, preliminary heats; 3200-yard dash, preliminary heats; 6400-yard dash, preliminary heats; 12800-yard dash, preliminary heats; TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Holly Springs, Miss.—"Words are inadequate for me to express what your wonderful medicine have done for me. The doctors said I had a tumor, and I had an operation, but was soon as bad as again. I wrote to you for advice, and began to take Lydia E. Pinkham's Vegetable Compound, and you told me to do. I am glad to say that now I look and feel so well that my friends keep asking me what has helped me so much, and I gladly recommend your Vegetable Compound."—Mrs. WILLIE EDWARDS, Holly Springs, Miss.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give everyone confidence.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

PULPIT...

Choose Ye This Day
Between Truth
and Error.

"Choose You This Day Whom Ye Will Serve... If Jehovah Be God, Serve Him" (Joshua xiv. 15).

Washington, D. C., March 13.—Pastor Russell of the Brooklyn Tabernacle, New York, preached here twice today to splendid audiences. One of his discourses was entitled, "The Overthrow of Satan's Empire." We report the other one from the text above quoted. Pastor Russell said:—

As Christians in the light of this wonderful Twentieth Century we stand at the parting of the ways and must decide for right or for wrong, for truth or for falsehood, in respect to our religious convictions. Without questioning the sincerity of our forefathers, we all object to their theology. It is in vain that ministers and Bible class teachers longer deny the facts of the case. Nor will intelligent and honest people agree that it is right that through their creeds they should profess one thing, and in their lives and general conversation they should ignore or absolutely deny the teachings of those creeds. Yet this is the position of practically all the thinking people of Christendom. Their consciences will not stand for this much longer. If they refrain from telling the truth and taking their stand for it, they will not only sear their consciences (1 Timothy iv. 2) and correspondingly separate themselves from God's favor, but additionally their course will sooner or later bring upon them the disapproval and contempt of all honest people. For although the masses are not yet aroused on the subject, they are rapidly getting awake.

Do you wish me to illustrate what I mean? Do you wish me to show in what respect all denominations are ashamed of their creeds and anxious to hide the fact that they ever professed them or were anxious to give them some new interpretation more consistent with the broader thought and more generous sentiment common to civilized man in this Twentieth Century? I will do it.

Our Methodist friends are ashamed of that feature of their creed which declares that the Almighty is now doing everything that Divine Wisdom and Power can accomplish on behalf of our poor race to bring all to a full knowledge of Christ and to opportunity of faith and obedience. They realize that there is a weakness in this argument. And when they protest that God must work through means, and hence that the responsibility lies at the door of Christian believers to carry the Gospel to the heathen, they realize that this is an illogical argument too. For why should our Great Creator send to eternal torment millions of his creatures, because of an insufficiency of zeal on the part of some of their more enlightened fellow-creatures? Acknowledging the inconsistency of such a theory our good Methodist brethren tell us that they hope that God has some other way of saving the ignorant of heathen lands and, perhaps, of civilized lands.

We appreciate the loving heart which prompts this answer and we agree that it is true—that God has another way for these. But when we attempt to point out what that other way is, some of these dear friends inquire, Is it Methodism? Did John Wesley preach it? Our answer is, No. Brother Wesley did not preach it and did not know of it. Not because it is new, but because it is so very old and was lost sight of during the "dark ages" for fifteen centuries before Brother Wesley was born. He was feeling after it, yearning for it, hungering and thirsting for it, but the "due time" for it to be made known to God's people had not yet come in Brother Wesley's day. He preached the eternal torture of all mankind, except the sanctified believers in Jesus the Savior. But in his preaching of the love of God he was used of the Almighty to wondrously prepare the hearts of Christendom for the broader message of the Bible now due to be seen and understood. Wesley's Gospel of the love of God has mellowed the heart of Christendom, which once was frigid under the cold teachings of Foreordination, Predestination, etc., of the Westminster Confession of Faith—once the basis of nearly all Protestant Communions.

If we and our Methodist brethren could maintain the same degree of spiritual warmth that Wesley and their forefathers enjoyed we might do without further instruction. But we cannot do this! None can stand still! Christians today are losing their holiness, their sanctification—their zeal for God is giving place to zeal for a sect.

The light of the Millennium morning which for a century has been gradually breaking upon the world, stimulating thought in every direction, makes it necessary for our Methodist brethren, as well as for us all, to awaken to the wonderful privileges of our day for Bible study: to ascertain the real teachings of God's Word, which, in the dark past we all seemingly misunderstood and misrepresented. Already the most intelligent one-fourth of Methodism not only rejects Brother Wesley's theory, but also repudiates the Bible also! It accepts instead of Salvation that most dangerous form of infidelity known as Higher Criticism and that most un-Scriptural propo-

sition of human Evolution, which denies the fall of our race and makes void Christ's redemptive work and the glorious result thereof—human restitution (Acts iii, 19-21).

Bury the Dead Past.
God forbid that we should bury any of the doctrines of Christ and his twelve apostles! On the contrary let us strive to resurrect these from the rubbish of human traditions which eighteen centuries have piled upon them. Let us instead bury our man-made creeds, of which we are all ashamed. Our Presbyterian friends some years ago set a noble example to all Christendom to the burial of their Confession of Faith and their substitution instead of a much simpler and much more rational statement.

But, No, I must correct myself here. This is what they should have done but did not do. Instead of burying the old creed, not only from sight, but also from odor, they have merely covered the corpse which is admitted to be dead and placed the briefer and better Confession atop the winding-sheet. They assuredly declare that it is not a substitute but merely a representative statement. Hence every time we read the re-statement, we must hold our noses to avoid contamination from the odors of the carcass beneath. Not all must do this, for, as the Apostles suggests, All have not their senses exercised to discern. But all intelligent Presbyterians are being rapidly driven not only away from Calvinism, but, alas, away from the Bible also, because of their erroneous supposition that the teaching of Calvin and the teachings of the Bible are one and the same.

These bright minds are not merely lost to the Christian forces. They become active agents in the promulgation of anti-Biblical teachings. They are engaged in pulling down the Bible and substituting for its teachings Darwin's Evolution theory. These sincere men are to be found in the faculties of all of the Colleges. In the highest pulpits throughout the land and in the most prominent positions in business and social life. Their loss of faith in the Bible has not made them murderers or thieves. Their noble inheritance from the past preserves to them an uprightness of character which the loss of a fear of hell-torment has not undermined. While they are no longer Christians from the Bible standpoint—no longer believers in Jesus as a Redeemer—they are still believers in Jesus as a great Teacher and a noble Leader of men. They fail to discern the fact that if he posed as the Son of God and the Redeemer of men, and was not such, instead of being a noble example, his life and teachings were most stupendous frauds and deceptions.

Baptists and Disciples Awakening.
When we say that this awakening is also reaching our Baptist and our Disciple brethren, let it not be understood to mean that all of these have been asleep until now. Perhaps it would have been better for them if some who have gotten awake during the past thirty years had slumbered longer. Those long awake have principally gone off into Darwinism and Higher Criticism. Baptist and Disciple schools and Colleges and Theological Seminaries, like those of other denominations, are manned with the brightest minds of the denominations, and all with one accord teaching Higher Criticism, Infidelity and Darwinian Evolution. With one accord all are engaged in overthrowing the Christian Faith of the rising generation. They are doing this intelligently, wisely, cunningly, but not with evil motive. Having gotten awake to the inconsistencies of their creeds these scholarly men, concluding that the creeds truthfully represented the Bible, abandoned faith in the Scriptures to the same degree that they have abandoned faith in the creeds which their intellects have repudiated. Now they are seeking to gradually help Christian people of all denominations to what they consider the higher plane of Truth. What they have—almost anything in fact—is better than the "creeds" they have repudiated. They are working hard and succeeding well in introducing their faith-destroying theory into the minds of the rising generation through the school books. From these they not only have eliminated everything sympathetic with Bible faith, but in the stead have introduced the subversive doctrine of Evolution.

As for the rank and file of Baptists and Disciples, probably three-fourths of them still hold vaguely and indeliberately to the Bible and their Confessions of Faith though both of these denominations in their innocence of mind think that they have no creeds—that they take the Bible only. As these dear friends awaken to the inconsistencies of their Confession and teachings they are in great danger of following their leaders into a repudiation of everything pertaining to the past—into Higher Criticism—Infidelity and Darwinism.

"Choose You This Day Whom Ye Will Serve."
Joshua's words to the Israelites, after they had come into Canaan, com-

plete our text. Joshua perceived that the Israelites were in a trying position and that it was their duty to decide promptly and thoroughly which course they would take. So we may see today that Christians of all denominations are in a trying position and that a prompt decision to stand by God and the Bible is the necessary thing for those who would be delivered from the darkness of the past and avoid falling into the Adversary's great deception of the present—into which their leaders are guiding them. Unless they heed speedily, the blind leading the blind will fall into the ditch of Darwinism and the mire of Higher Criticism. There are not many ways to escape this threatening calamity! There is only one way—the Bible way. Many Baptist and Disciple ministers are becoming awake to the inconsistencies of their positions and drifting without foreknowledge of where their course will end. For instance, I have before me the words of the Rev. Dr. Mac Donald of my own city, Brooklyn, on February 27th. This gentleman speaks of the Baptist Confession of Faith as "these scragging stalks of an ancient dogmatism." And respecting the Baptist doctrine which recognizes only immersed persons as members of the Church of Christ and heirs of salvation, he says, "Henceforth it can be regarded to be as dead as the cities of Sodom and Gomorrah, and as worthless buried." The gentleman rejoiced that recently a Baptist minister had been ordained to the Sixth Avenue Baptist Church of Brooklyn who affirmed in advance that he would forfeit all to communion and Church membership who loved the Lord Jesus. He urged that "associate members" should be received into Baptist communions "without imposing baptism upon them."

This courageous brother fails to see wherein the course he advocates is illogical. What he needs to see is the real teaching of the Bible on the subject of Baptism—that it is baptism into Christ's death, and thus into the real Church of Christ—not the Baptist Church, nor any other human organization, but the Church of God—"The Church of the firstborn, whose names are written in heaven." That roll contains the names of all the saintly, faithful, consecrated believers in the Redeemer—of all denominations and outside of all denominations.

"Sanctify Them Through Thy Truth."
It is not sufficient that we get rid of the errors and superstitions of the past. We must supplant those with the Truth, that "We may be able to withstand in this evil day" (Ephesians vi, 13). It alone will constitute the armor of God. Christian people hold much precious Truth, but hold it in so illogical and confused a manner that it fails to give them the needed strength. God permitted us to come to this very hour and has permitted the present tests for the purpose of developing the characters of the "Israelites indeed, in whom is no guile," and for the purpose of gathering out from them all the tares, all the chaff, and all not at heart copies of his dear Son. Let me now briefly summarize the errors of our creeds and briefly indicate the Bible remedy.

None of our Creeds were too strict in defining the saintliness of the Church class, invited to become the Bride of Christ and his Joint-heirs in his Kingdom. On the contrary, in many respects they were too loose—they were not nearly up to the standard of the Master's word, "If any man will be my disciple, let him take up his cross and follow me." "Strait is the gate and narrow the way which leadeth unto life; and few there be that find it" (Matthew vii, 14). Jesus taught that his followers must drink of his cup of suffering and be baptized into his death—and not merely into water. Our too-low standards have admitted to membership in all denominations millions who are far below the Master's standards.

Our error and deception was the supposition that all who are not saintly, all who would not become the Bride of Christ, all who are not baptized into his death, all who do not drink of his cup of ignominy will be eternally tortured. This great mistake common to all Protestants (and in the much modified form of Purgatory shared also by Catholics) must be displaced by the Bible teaching that as soon as the elect Church shall be completed and glorified the antitype of Year of Jubilee will begin; that then for the thousand years of the reign of Christ and the Church as the spiritual Seed of Abraham, the power of all the families of the earth will be blessed by the elect (Galatians iii, 14; Acts iii, 19-21). Let us, dear brethren, choose this day to stand by the Word of God, to reject all human traditions contrary to it and to hold fast the things that are true, just, and loving good.

If occasionally a thoughtless friend asks, Why do you leave in a Millennium? answer that it is one of the oldest doctrines of Christendom and, above all, the Bible doctrine. Answer that he who does not believe in the Millennium and the resurrection of the dead in some other way—must claim that they have been experiencing pain or pleasure for thousands of years, or must claim that they are extinct as the brute beast and will have no resurrection or must believe in universal salvation regardless of a knowledge of Christ or obedience to him. On next Lord's Day, we will discuss the Millennium and show its absolute necessity, not only from a Bible standpoint but also from a scientific standpoint. "Choose ye this day"—to stand for the Bible and reason and to oppose the Creeds of the dark ages and their misreason!
